

Results from Virtual games are posted on BBO immediately after the game. Results are not 'final' for 20 minutes after the game (to allow for appeals and corrections). After that, the results are final.

The final results will be posted on the VFBC website (as part of Live for Clubs). To easily access these listings, go to the VFBC website ([www.vfbridge.com](http://www.vfbridge.com)), and click on 'RESULTS'. Please allow about a half hour or so to permit the results to appear.
