The Valley Forge Bridge Club is considering re-opening for limited operation after the general approval for normal activity is given by Governor Wolf.

When the Club re-opens, we will be taking measures to ensure safety from COVID-19. The following procedures will be in place prior to opening:

As usual, the Club will be professionally cleaned each night after games conclude.

Players (and directors) will be required to be masked.

Individuals who appear to be ill will not be permitted to attend. We will check everyone’s temperature before entry.

Initially, we will discontinue use of bidding boxes; we will revert to bidding audibly. Eventually, we will provide sanitized bidding boxes that you will take with you from table to table.

Bridgemate units will be disinfected following each session. Only the North player will operate the Bridgemate; E-W will be shown the entry before approval by North.

We will cycle sets of duplicate boards (and cards) so that each set is untouched for at least one week.

We will require pre-registration to determine if games are viable. 
E-mail (manager@vfbridge.com) or call to pre-register (610-804-8349). When registering for games, you must leave a working contact number.

Any games that do not have at least 6 tables pre-registered are subject to cancellation; the decision to conduct or cancel will be made at least 12 hours before scheduled game time. Game status will be posted on the Club website (www.vfbridge.com).
In order to manage the size of groups, games will be restricted to a maximum of 10 tables.

The Club will have hand soap available in the playing area.

The Club will have hand sanitizer available in the playing area.

Refreshments will not include items that are open to the air.

Items specifically not available will include:

- Crackers
- Cream cheese and dip
- Peanut butter
- Pretzels
- Cheese
- Chicken salad
- Milk

Items that will be available include:

- Coffee
- Cans of soda and seltzer
- Bottled water
- Individually wrapped candy
- Tea bags
- Natural and artificial sweeteners in packets
- Coffee additives in sealed containers

Celebratory cakes and sharable food items will not be permitted.
